

Feeder/Catcher/Packer

Oliver Inc. is seeking Feeder/Catcher/Packer applicants for all of its locations: Ohio, Massachusetts, New York, and Virginia. The Feeder/Catcher/Packer is responsible for feeding stacks of flat cartons in the proper position into gluer machinery, and inspecting, catching, and packing the finished product into cartons.

Responsibilities:

- ✓ Make up corrugated cartons.
- ✓ Apply shipping labels and tags to corrugated cartons.
- ✓ Feed product into gluing machinery.
- ✓ Inspect product for damage, blemishes, and off-color as the product is fed into the machine.
- ✓ Move product into position at feeder station.
- ✓ Catch and remove streams of glued product from gluing machinery.
- ✓ Inspect streams and individual pieces of glued product for damage, blemishes, off-color, and adequate glue seal.
- ✓ Segregate suspected glued product and communicate status of that product.
- ✓ Pack glued product in corrugated cartons.
- ✓ Pass fully packed corrugated cartons through automatic tape dispensers to seal corrugated cartons.
- ✓ Perform line clearance actions.
- ✓ Prevents product mixes and detect glue deficiencies and damage.
- ✓ Perform housekeeping actions on and around assigned machinery and in the department.
- ✓ Repair/rework non-conforming or marginal product.
- ✓ All other tasks as assigned

Qualifications:

- ✓ Accurate visual effort and physical activity with frequent monitoring of equipment
- ✓ Standing, walking, and lifting required for a full shift
- ✓ Identify and distinguish color and detail with the ability to adjust focus.
